UPCOMING ACTIVITIES:

The Town was awarded a 4-Million Dollar Grant to replace old water mains and valves throughout Town. We anticipate this work will commence this summer. This will begin with a Land Surveyor that will be surveying all of our Town Roads and Right-of-Ways (ROW's), followed by a Road Construction Crew digging to replace the lines and valves, then filling and repairing the affected roads. After that, the Town Public Works will do additional maintenance on the newly repaired ROW's and on the ROW's not included in the water main repair project. We will keep you informed of the work schedule with information in the Newsletter, on the Website, and on Facebook. If I have emails for the people on specific blocks, I will email you in advance. We will also put notices on doors for the upcoming block that will be worked on. If you receive a Newsletter by email, then we have you in our system. If you do not, PLEASE EMAIL CLERK@EMPIRECOLORADO.US SO THAT WE HAVE YOUR EMAIL IN OUR SYSTEM. YOU WILL RECEIVE ROAD REPAIR UPDATES BY EMAIL.

REMINDERS:

We understand the difficulty of CDOT leaving snow berms across our intersections each time they plow Hwy 40. We will clear the intersections at Main Street, Guanella Street, and Ball Street, in that order, before we clear the other intersections. If you cannot pass through your intersection, please use the side streets to navigate to one of these three intersections which will be cleared off ASAP. If you have other questions or concerns, please email Clerk@EmpireColorado.us.

We placed a black container with traction sand on North Main Street between house numbers 222 & 254. This is free to the public to use when conditions on that road are slippery.

Please remember to keep your dog on a leash when walking through Town. We encourage you to use the Dog Park at Minton Park for off-leash activities.
